

David Engel, MD, FACC is a Professor of Medicine at the College of Physicians and Surgeons at Columbia University. He is a noninvasive cardiologist with expertise in Sports Cardiology, Marfan Syndrome and related connective tissue disorders, echocardiography, as well as general consultative cardiology.

Dr. Engel received his undergraduate degree from Yale University and medical degree from Cornell University Medical College. He completed his post-graduate cardiology fellowship training at Columbia University Medical Center with advanced fellowship training in echocardiography. He is board certified in cardiovascular disease and echocardiography and is affiliated with New York-Presbyterian Hospital/Columbia University Irving Medical Center.

Dr. Engel currently serves as the Director of the NYP/CUIMC Sports Cardiology Program, Co-Director of the NYP/CUIMC Marfan and Related Connective Tissue Disorders Clinic, and Director of Echocardiography at the ColumbiaDoctors midtown facility. He is co-editor of the 2021 Sports Cardiology textbook, Sports Cardiology: Care of the Athletic Heart from the Clinic to the Sidelines, and has published series of echocardiographic and electrocardiographic articles characterizing the athlete's heart in male and female professional athletes. In his Sports Cardiology practice, Dr. Engel consults with professional sports organizations and regional collegiate and university sports programs, and sees athletes from across the country for cardiac evaluations.
